LIFESTYLE DOCUMENTARY PHOTOGRAPHER  
Whadjuk Noongar Country

*I take photos by instinct, telling stories about families, love, sand, brand, skin, salt, water and sun like only Perth allows.*

Let's discuss the important thing first: You get to keep, share and print every photo I give you, forever. The investment below is final. I want you to be able to afford to see me every year.

I shoot from Monday to Thursday, Trigg to Mandurah, except Something For Kate Capsule Sessions, which are purely based on me rolling out my front door, so Coogee + Freo. If you desperately want to shoot on a weekend or have more than one household involved, contact me for a quote.

For outdoor shoots we will start in the 20-30 minutes prior to sunset. This is quite late in Summer, so be prepared with long afternoon naps and lots of bribes and snacks.

I don't measure shoots in minutes. You can expect anywhere between 20 and 50 minutes for most family sessions, depending on the light, the mood, the tantrums, the pet sticks and all those great things. I will give you a ballpark when you book, but basically we shoot until we have it in the can... I'm quick, it's painless.

## Stuff you're worried about...

We will work on your location together, but check out my Instagram feed to get a feel for what you might like best.

I'll send you a guideline about what to wear, but just be yourself, comfortable in a beautiful outfit that makes you feel good. It's not a fashion parade, it's a memory.

My only rule for beach + river is no shoes. Shoes ruin everything.

*I can't wait to meet you*

affordable
